PETITIONER

**THE PEOPLE OF THE UNITED STATES**  
**ADMINISTRATIVE AGENCY**  
**FOIA REQUEST**

William J. Wagener,  
PETITIONER.

Environmental Protection Agency,  
RESPONDENT.

A REQUEST MADE VIA THE  
FIRST AMENDMENT &  
FEDERAL FOIA 5 USC § 552

MEMORANDUM ON FOIA REQUESTS

Request sent: 7 March, 2014  
[3 days after mailed]

Response due: 4 April, 2014  
[20 days after the date above]

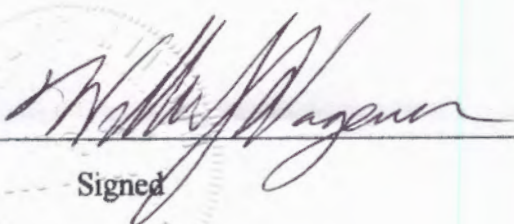

*"Jefferson in a letter to Madison, dated December 20, 1787, posed the question 'whether peace is best preserved by giving energy to the government, or information to the people,' and then answered, 'This last is the most certain, and the most legitimate engine of government.'" 6 Writings of Thomas Jefferson 392 (Memorial ed. 1903). Gravel v. United States, 408 U.S. 606, 642 (1972)*

Dear Sirs,

I am hereby requesting the following information:

1. I would like to have all information with regards to "chem. trails" this means all aerosols that are sprayed above or upon American soil or anywhere else in the world by planes that originate in America or other places. This includes all programs that exist to alter the weather, dampen the sunshine's effects on the earth, alter the temperature or change the environment.
2. All information on HAARP or any program by the Federal Government or nefarious agencies that is use to change or alter the weather, the atmosphere or other aspects of the climate.
3. The spraying of toxic barium salts in the atmosphere relates to scalar weapons systems (HAARP), which behave like targeted gravitational fields and act as anti-ballistic shields. The list of substances listed in this manual to be used in these USAF experiments include: aluminum hydride, aluminum 3, barium-fluoride, beryllium, cyanide, hydrochloric acid, various ions, including ions of copper, iron 2, lithium ions, nickel perchlorate (rocket fuel), phosphorous tri-fluoride, silver iodide, sodium ions and single-valence metals.
4. I would like digital documentation of what the government is doing with these programs as well as studies of the effects of the spraying on people and the plans of these programs.

Respectfully Submitted,

  
Signed

7 March 2014  
Dated

## MEMORANDUM ON FOIA REQUESTS

This request is being made under the Federal Freedom of Information request.

The standard for such records requests are that agencies shall make public information in their possession: *"Each agency, in accordance with published rules, shall make available for public inspection and copying - (A) final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases; (B) those statements of policy and interpretations which have been adopted by the agency and are not published in the Federal Register; (C) administrative staff manuals and instructions to staff that affect a member of the public; (D) copies of all records, regardless of form or format," 5 U.S.C. § 552 (a)(2)*

I/We specifically ask for documents in digital format if they are available: *"In responding under this paragraph to a request for records, an agency shall make reasonable efforts to search for the records in electronic form or format, except when such efforts would significantly interfere with the operation of the agency's automated information system." 5 U.S.C. § 552(a)(3)(A).* **I/We would prefer them to be in a format that is easily edited as well.**

I/We ask to be given the estimate of the costs if any prior release *" . . . each agency, upon any request for records which (i) reasonably describes such records and (ii) is made in accordance with published rules stating the time, place, fees (if any), and procedures to be followed, shall make the records promptly available to any person." 5 U.S.C. § 552 (a)(3)(A)*

I ask that this request be reviewed and then be given the method of appeal or exhaustion of administrative remedies if my request is denied by this agency. Please list all the hoops I need to jump through to get this information: *"Each agency, upon any request for records made under paragraph (1), (2), or (3) of this subsection, shall - determine within 20 days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of any such request whether to comply with such request and shall immediately notify the person making such request of such determination and the reasons therefor, and of the right of such person to appeal to the head of the agency any adverse determination; and make a determination with respect to any appeal within twenty days (excepting Saturdays, Sundays, and legal public holidays) after the receipt of such appeal. If on appeal the denial of the request for records is in whole or in part upheld, the*

1 agency shall notify the person making such request of the provisions for judicial review of that  
2 determination under paragraph (4) of this subsection." 5 U.S.C. § 552(a) (6)(A)(i)-(ii)

3 Extensions are unusual: "In unusual circumstances as specified in this subparagraph, the  
4 time limits prescribed in either clause (i) or clause (ii) of subparagraph (A) may be extended by  
5 written notice to the person making such request setting forth the unusual circumstances for such  
6 extension and the date on which a determination is expected to be dispatched. No such notice  
7 shall specify a date that would result in an extension for more than ten working days, except as  
8 provided in clause (ii) of this subparagraph." 5 U.S.C. § 552(a) (6)(B)(i)

9 If any information requested has been deleted, I/We ask that the reason for the deletion  
10 (either the real or fabricated) be given and the person who ordered the deletion: "However, in  
11 each case the justification for the deletion shall be explained fully in writing, and the extent of  
12 such deletion shall be indicated on the portion of the record which is made available or  
13 published . . . If technically feasible, the extent of the deletion shall be indicated at the place in  
14 the record where the deletion was made. Each agency shall also maintain and make available  
15 for public inspection and copying current indexes providing identifying information for the  
16 public as to any matter issued, adopted, or promulgated after July 4, 1967, and required by this  
17 paragraph to be made available or published." 5 U.S.C. § 552 (b)(9)

18 I/We are seeking this information to understand what our government is doing and wish  
19 to be properly informed citizens "In the absence of the governmental checks and balances  
20 present in other areas of our national life, the only effective restraint upon executive policy and  
21 power in the areas of national defense and international affairs may lie in an enlightened  
22 citizenry - in an informed and critical public opinion which alone can here protect the values of  
23 democratic government." NY Times v. United States, 403 U.S. 713, 728

24 The general presumption is that the citizens have a right to the information requested as  
25 "Any system of prior restraint . . . [bears] a heavy presumption against its constitutional  
26 validity." Bantam Books, Inc. v. Sullivan, 372 U.S. 58, 70 (1963); see also Near v. Minnesota,  
27 283 U.S. 697 (1931). The Government "thus carries a heavy burden of showing justification for  
28 the imposition of such a restraint." OFAB Austin v. Keefe, 402 U.S. 415, 419 (1971).
